An ancient curse. A stunning medical mystery. And a pioneering journey into the unknown heart of the world's densest jungle. Since the days of conquistador Hernán Cortés, rumors have circulated about a lost city of immense wealth hidden somewhere in the Honduran interior, called the White City or the Lost City of the Monkey God. Indigenous tribes speak of ancestors who fled there to escape the Spanish invaders, and they warn that anyone who enters this sacred city will fall ill and die. In 1940, swashbuckling journalist Theodore Morde returned from the rainforest with hundreds of artifacts and an electrifying story of having found the Lost City of the Monkey God—but then committed suicide without revealing its location. Three quarters of a century later, bestselling author Doug Preston joined a team of scientists on a groundbreaking new quest. In 2012 he climbed aboard a rickety, single-engine plane carrying the machine that would change everything: lidar, a highly advanced, classified technology that could map the terrain under the densest rainforest canopy. In an unexplored valley ringed by steep mountains, that flight revealed the unmistakable image of a sprawling metropolis, tantalizing evidence of not just an undiscovered city but an enigmatic, lost
Civilization. Venturing into this raw, treacherous, but breathtakingly beautiful wilderness to confirm the discovery, Preston and the team battled torrential rains, quickmud, disease-carrying insects, jaguars, and deadly snakes. But it wasn't until they returned that tragedy struck: Preston and others found they had contracted in the ruins a horrifying, sometimes lethal-and incurable-disease. Jungleland-Christopher S. Stewart 2014-01-07
"I began to daydream about the jungle...." On April 6, 1940, explorer and future World War II spy Theodore Morde (who would one day attempt to assassinate Adolf Hitler), anxious about the perilous journey that lay ahead of him, struggled to fall asleep at the Paris Hotel in La Ceiba, Honduras. Nearly seventy years later, in the same hotel, acclaimed journalist Christopher S. Stewart wonders what he's gotten himself into. Stewart and Morde seek the same answer on their quests: the solution to the riddle of the whereabouts of Ciudad Blanca, buried somewhere deep in the rain forest on the Mosquito Coast. Imagining an immense and immaculate El Dorado–like city made entirely of gold, explorers as far back as the Spanish conquistador Hernán Cortés have tried to find the fabled White City. Others have gone looking for tall white cliffs and gigantic stone temples—no one found a trace. Legends, like the jungle, are dense and captivating. Many have sought their fortune or fame down the Río Patuca—from Christopher Columbus to present-day college professors—and many have died or disappeared. What begins as a passing interest slowly turns into an obsession as Stewart pieces together the whirlwind life and mysterious death
of Morde, a man who had sailed around the world five times before he was thirty and claimed to have discovered what he called the Lost City of the Monkey God. Armed with Morde's personal notebooks and the enigmatic coordinates etched on his well-worn walking stick, Stewart sets out to test the jungle himself—and to test himself in the jungle. As we follow the parallel journeys of Morde and Stewart, the ultimate destination morphs with their every twist and turn. Are they walking in circles? Or are they running from their own shadows? Jungleland is part detective story, part classic tale of man versus wild in the tradition of The Lost City of Z and Lost in Shangri-La. A story of young fatherhood as well as the timeless call of adventure, this is an epic search for answers in a place where nothing is guaranteed, least of all survival.

**Quest for the Lost City** - Dana Lamb 2001-10-01
What do you do for excitement after you and your wife have made adventure travel history? If you're Dana and Ginger Lamb, authors of "Enchanted Vagabonds," you put away your famous canoe, turn away from the sea, and march inland, bound this time not for the misty green waves of the Pacific, but the forbidding green hills of the unexplored Mayan Jungle. Quest for the Lost City is the story of how the Lambs returned to their old Spanish speaking haunts. Only this time they were not roaming in general. They were seeking in particular for the source of a legend, the fabled lost city of the Mayas. For more than 2,000 miles the authors traveled in search of clues to this ancient riddle. They marched through the northern deserts of Mexico, making their way at last to the jungles of Chiapas, Mexico. There they encountered a series of adventures that even their hardened souls were not prepared for. They were attacked by animals and insects. A close friend died a mysterious death. After finding a clue to the lost city, they were brought up short by the Barrier Cliffs, a giant wall of stone which they traveled through, not over, with the aid of some primitive wooden torches. In short, if you are seeking adventure travel at its best, then go no further.
Amply illustrated with photographs taken on their legendary journey, Quest for the Lost City remains one of the most exciting exploration books of the 1950s.

The Themed Space - Scott A. Lukas 2007 The Themed Space: Locating Culture, Nation, and Self is the first edited collection focused on the significance of the theme space. The first section of the text discusses the ways in which theming acts as a form of authenticity. Included are articles on the theme park Dollywood, the historic Coney Island, the uses of theming in Flagstaff, Arizona, and the Las Vegas Strip. Section two considers theming as a reflection of nation, and its authors focus on Chinese theme parks and shopping malls, the Lost City theme park in South Africa, and the Ain Diab resort district in Casablanca. The third section of the book illustrates how theming often targets the person-whether famous or everyday. The authors look at spaces ranging from the Liverpool John Lennon Airport, love hotels in Japan, and the Houston, Texas theme park AstroWorld. The final section emphasizes theming as a projection of the mind and psychology. The authors focus on behind-the-scenes tourism at Universal Studios and the Ford Rouge Factory Tour, the use of theming in unexpected spaces like Florida themed clinics, theming in virtual reality spaces of video games, and the social controversies related to theming in various parts of the world. The book includes a comprehensive bibliography on theming and a list of key terms. The Themed Space is of great interest to students of all levels and scholars of anthropology, urban studies and sociology.

Atlantis: The lost city is in Java Sea - Dhani Irwanto 2015-04-18 After thousands of years, so many of us still search for the answer to the mystery of Atlantis. From time to time, archaeologists and historians locate evidence. There have been many locations proposed for the location of Atlantis. Ever since the first recorded history of Atlantis, written by the Greek philosopher Plato over 2,300 years ago, debate has raged as to whether or not Atlantis ever really existed. The existence of Atlantis is supported by the fact that it is described in great details by Plato. In additions, various conditions, events and goods unknown to Plato are also described in detailed and lengthy words. The
recent knowledge of late glacial and postglacial sea level rise and land subsidence that occurred almost precisely at the time described by Plato also becomes strong evidence to the truth of the story. Plato describes the Atlantis from point of views of geography, climate, plain layout, city layout, river and channel hydraulics, produces, social structure, customs, mythology and its destruction in details including their dimensions and orientations. These become the subjects of the author to hypothesize that the lost city of Atlantis is in Java Sea. The works include over 5-year research and analysis of textbooks, papers, internet sites and digital data collected by the author as well as some site observations. These resulted in accurate evidence to the hypothesis that the story fits the location in question. The book discusses the existence of Atlantis in specific details that have never been written by others.

**The Lost Queen**-Signe Pike 2019-06-04 “Outlander meets Camelot” (Kirsty Logan, author of The Gracekeepers) in the first book of an exciting historical trilogy that reveals the untold story of Languoreth—a powerful and, until now, tragically forgotten queen of sixth-century Scotland—twin sister of the man who inspired the legendary character of Merlin. Intelligent, passionate, rebellious, and brave, Languoreth is
the unforgettable heroine of The Lost Queen, a tale of conflicted loves and survival set against the cinematic backdrop of ancient Scotland, a magical land of myths and superstition inspired by the beauty of the natural world. One of the most powerful early medieval queens in British history, Languoreth ruled at a time of enormous disruption and bloodshed, when the burgeoning forces of Christianity threatened to obliterate the ancient pagan beliefs and change her way of life forever. Together with her twin brother Lailoken, a warrior and druid known to history as Merlin, Languoreth is catapulted into a world of danger and violence. When a war brings the hero Emrys Pendragon, to their door, Languoreth collides with the handsome warrior Maelgwn. Their passionate connection is forged by enchantment, but Languoreth is promised in marriage to Rhydderch, son of the High King who is sympathetic to the followers of Christianity. As Rhydderch's wife, Languoreth must assume her duty to fight for the preservation of the Old Way, her kingdom, and all she holds dear. “Moving, thrilling, and ultimately spellbinding” (BookPage), The Lost Queen brings this remarkable woman to life—rescuing her from obscurity, and reaffirming her place at the center of the most enduring legends of all time. “Moving, thrilling, and ultimately spellbinding, The Lost Queen is perfect for readers of historical fiction like The Clan of the Cave Bear and Wolf Hall, and for lovers of fantasy like Outlander and The Mists of Avalon” (BookPage).
